

Comparison of isotope dilution with bioelectrical impedance analysis among HIV-infected and HIV-uninfected pregnant women in Tanzania R. KUPKA, K.P. MANJI, E. WROE, S. ABOUD, R.J. BOSCH, W.W. FAWZI, A.V. KURPAD and C. DUGGAN	1
Longitudinal relations of body composition field measures to health-related physical fitness components in children L.D. ERDMANN and C.S. McMILLAN	11
Comparative study of instruments for the analysis of body composition in a sample of the Brazilian population M.S. MIALICH, E.Z. MARTINEZ and A.A. JORDÃO Jr	19
Influence of electrode position on segmental resistance, reactance, and phase angle values K. MALLY, K. DETTBARN and M. DITTMAR	25
